

INTRODUCTION

This Technical Service / Training Manual (Job Aid Part #3756480) for the Model 235, 15" Undercounter Ice maker, is a compilation of manuals from the Whirlpool Corporation. The information in this manual has been reprinted by Sub-Zero Freezer Company, Inc., with permission from the Whirlpool Corporation. It has been compiled to provide the most recent information on safety, design, installation, operation, features, troubleshooting, wiring diagrams, and repair procedures of the model 235. This information will enable the service technician to troubleshoot and diagnose malfunctions, perform necessary repairs, and return a model 235 unit to proper operational status.

This manual has been designed to be used in conjunction with Whirlpool's Undercounter Ice maker video, #4322584. The video is divided into sections that "generally" correspond to the sections in this manual.

The service technician should read the complete instructions contained in this training/service manual before initiating any repairs on a model 235 unit.

IMPORTANT SAFETY INFORMATION

There are many important safety messages in this manual and on the appliance. Always read and obey all safety messages

This is the safety alert symbol.

This symbol alerts you to hazards that can kill or hurt you and others.

All safety messages will be preceded by the safety alert symbol and the word DANGER or 'WARNING.' These words mean:

⚠ DANGER

You will be killed or seriously injured if you don't follow instructions

⚠ WARNING

You can be killed or seriously injured if you don't follow instructions

All safety messages will identify the hazard, tell you how to reduce the chance of injury, and tell you what can happen if the instructions are not followed.

IMPORTANT SAFETY INSTRUCTIONS

⚠ WARNING

To reduce the risk of fire, electric shock, or injury when using and / or servicing the ice maker, follow these basic precautions:

- Plug into a grounded 3 prong outlet.
- Do not remove ground prong.
- Do not use an adapter.
- Do not use an extension cord.
- Disconnect power before cleaning.
- Disconnect power before servicing.
- Replace all panels before operating.
- Use two or more people to move and install the ice maker

This manual is designed to be used by Authorized Service Personnel only. Sub-Zero Freezer Co., Inc. assumes no responsibility for any repairs made on Sub-Zero refrigeration units by anyone other than Authorized Service Technicians.
